Dear Dennis;

First of all I would like to express my appreciation for the wonderful meeting we had at your facility last fall on using hypnosis. Your presentation was very informational about the use of hypnosis to relieve stress and to help counteract negative influence that come into our lives. I came away with a better understanding of its use and how it could help my family. This was the reason I approached you about my daughter and her specific needs.

Your topic was professionally presented. I spoke with several of our members who attended our chapter meeting and they felt your presentation was excellent. It was humorous, educational and very insightful. Your experience of almost 12 years (at that time) as a clinical hypnotherapist was apparent.

Second, I wish to tell you how excited I am for us to again have you speak to the members of our chapter on October 2nd at 12:30 pm on "Goal Setting and Achievement: Creating the Circumstance We Desire." Your topics and how they are presented are well received and would be beneficial to any group or organization as they have been to our chapter.

Looking forward to seeing and hearing you next week.

Sincerely,

Judy M. Carlson, R.E.H.
